CV // UPDATED 12 OCT 2026 Cannock, Staffordshire

Tom Lowndes *Senior creative & multimedia designer.*

hello@tomlowndes.co.uk // tomlowndes.co.uk // Portfolio: tomlowndes.co.uk/projects

01. PROFILE

Senior brand and multimedia designer with 13+ years of experience. I take work from idea to finished asset: identity, print, packaging, web and app, then the photography and video, shot, edited and graded myself. Freelance since November 2025 across tech, food and sport; before that, four years as sole in-house designer at Dove Technology, a roofing adhesives manufacturer, and eight years as core creative for Busy Bees across 350+ nurseries in the UK and Europe.

Calm, organised and commercially minded from running my own manufacturing business. Used to managing freelancers, printers and suppliers to deliver on time and on brand.

02. CORE SKILLS

DESIGN	Adobe Creative Cloud (Photoshop, Illustrator, InDesign), Figma, branding, art direction, print, packaging, labels
VIDEO & MOTION	Premiere Pro, After Effects, DaVinci Resolve; scripting, storyboarding, filming, editing, colour grading
PHOTOGRAPHY	Product, people and location shoots; lighting and audio setup; retouching and post-production
DIGITAL	Web and app UX/UI design in Figma (wireframes, prototypes, user flows), social content, HTML email (Mailchimp, HTML/CSS)
AI TOOLS	Claude Code and Gemini for concepting, prototyping, asset production and automating workflows
DELIVERY	Project management (Agile, Jira, Trello), supplier and freelancer management, stakeholder presentations

03. EXPERIENCE

Freelance Creative & Multimedia Designer

NOV 2025 – PRESENT

Self-employed

- Brand, web and app design for technology and app development clients, plus brand identity work for food and sports businesses.
- Running projects end to end, from identity and UI in Figma to photography and video.
- Work is under NDA; samples can be shared at interview where agreements allow.

Lead Creative Designer

JUL 2021 – NOV 2025

Dove Technology // Roofing adhesives manufacturer

- Sole in-house designer, owning creative direction across print, digital, web, video and social and keeping the brand consistent across every channel.
- Planned, shot and edited photography and video for product marketing, campaigns, social and web.
- Designed print collateral, product labels and packaging from concept to production.
- Briefed and managed freelance photographers, copywriters and print suppliers on quality, cost and deadlines.
- **Key project.** Website redesign: led the design of the new company website; post-launch bounce rate fell by roughly 25% and user engagement rose by around 40%.

Creative Designer

JAN 2013 – JUL 2021

Busy Bees Nurseries // 350+ nurseries across the UK and Europe

- Core creative for a national brand: brand assets, print, digital, social, video and photography for 350+ nurseries across the UK and Europe.
- Led end-to-end video production (scripting, filming, editing, publishing), including filmed social ads, and ran professional photo shoots.
- Produced websites, social, online ads, brochures, reports and signage.
- **Key project.** Lockdown awards show: conceived, produced and edited the company's online awards show during lockdown, from concept and footage to graphics and final edit, watched by around 400 to 500 staff, from managers across all 350+ nurseries to the senior head office team.
- **Key project.** National campaigns: created full multi-channel campaigns (print, digital, social and video) rolled out across the nursery group, each bringing in around 500 new sign-ups.

Owner & Operator

2012 – 2014

Minerva CNC // CNC manufacturing, run alongside Busy Bees

- Owned and ran a CNC manufacturing business, handling clients, quoting, production and delivery, and created its branding and marketing.

04. EDUCATION

BA (Hons) Graphic Design, University of Salford

2009 – 2012
